SARAH CHEN

Cybersecurity Engineer

✉ sarah.chen@email.com | 📱 (555) 123-4567 | 🔗 linkedin.com/in/sarahchen | 📍 New York, NY

PROFESSIONAL SUMMARY

Experienced Cybersecurity Engineer with 5+ years protecting enterprise networks and systems. Proven expertise in threat detection, incident response, and security architecture design. Strong background in implementing security controls and ensuring compliance with industry standards.

TECHNICAL SKILLS

- **Security Tools:** SIEM (Splunk, QRadar), Nessus, Wireshark, Metasploit, Burp Suite

- **Platforms:** Windows Server, Linux (RHEL, Ubuntu), VMware, AWS, Azure

- **Technologies:** Firewalls (Palo Alto, Cisco ASA), IDS/IPS, VPN, PKI, LDAP

- **Programming:** Python, PowerShell, Bash, SQL

- **Frameworks:** NIST, ISO 27001, OWASP, CIS Controls

PROFESSIONAL EXPERIENCE

Senior Cybersecurity Engineer | TechCorp Solutions | 2022 - Present

- Designed and implemented security architecture for cloud migration affecting 10,000+ users

- Reduced security incidents by 40% through enhanced monitoring and threat detection systems

- Led incident response team for 25+ security events, minimizing downtime and data exposure

- Conducted vulnerability assessments and penetration testing on critical infrastructure

Cybersecurity Analyst | DataSecure Inc. | 2020 - 2022

- Monitored security events using SIEM tools, analyzing 500+ alerts daily

- Developed automated scripts reducing manual security tasks by 60%

- Implemented multi-factor authentication across enterprise, improving access security

- Collaborated with IT teams to remediate vulnerabilities and strengthen security posture

IT Security Specialist | GlobalTech | 2019 - 2020

- Maintained firewall configurations and network security policies

- Performed security awareness training for 200+ employees quarterly

- Assisted in achieving SOC 2 Type II compliance certification

- Supported disaster recovery planning and business continuity initiatives

EDUCATION

Bachelor of Science in Computer Science
University of Technology | 2019

CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP) - 2023

- Certified Ethical Hacker (CEH) - 2022

- CompTIA Security+ - 2021

- AWS Certified Security - Specialty - 2023

PROJECTS

Enterprise Security Modernization (2023)
Led migration from legacy security tools to cloud-based SIEM platform, improving threat detection capabilities and reducing operational costs by 30%.

Zero Trust Implementation (2022)
Designed and deployed zero trust architecture principles, enhancing network segmentation and access controls for remote workforce.
